

NOAH'S ARK NEWS:

EXCITING UPDATES & BIG CHANGES

Where second chances and new beginnings are made.

Spring is almost here, and things are buzzing with activity at Noah's Ark! We have so many exciting updates to share, and it's all thanks to YOU—our amazing supporters, staff, and volunteers.

[Foxes Settling into Their New Home](#)

Our 10 rescued foxes are thriving! They've been acclimating beautifully, playing, exploring, and enjoying their new surroundings. They **love their enrichment balls**—chasing, pouncing, and even stashing them away for later. And after all that fun? Plenty of **long, cozy naps** in the sun. If you don't follow us on social media, you are missing out on a lot of fox cuteness!

Thanks to generous donors and volunteers, we were able to renovate enclosures and repurpose materials for their furnishings within weeks of getting the news about our new arrivals.

We still have a little more to do to fully complete their area—our special needs fox, **Funguy**, and his companion, **Tilty**, need an insulated shed, and we're working to install additional fencing. We are so close!

To stay up to date with our foxes and/or support our desire to give these (and other) fur farm rescues a second chance, please visit our [FOX RESCUE PAGE](#).

With the fox rescue requiring urgent attention, our **Tortoise Bluff project** was briefly

paused. Now, we're ramping up efforts to complete **a brand-new home for our giant tortoises and African crested porcupines**. Many of the materials we had hoped to repurpose were used in the fox enclosures, leaving us **\$1,500 short** to complete their insulated shelter and keep Phase 1 and 2 of the project moving forward.

ARRIVING SPRING 2025

Your Support Makes a Difference!

For the first time in years, we're making major renovations and welcoming new animals into our sanctuary. **Every donation, no matter the size, helps us build a better future for these rescued animals**—one they truly deserve. And the best part? You'll get to enjoy these incredible new areas right alongside them!

3D model of what Tortoise Bluff will look like! It will include lots of area for tortoises to roam, plenty of viewing areas, and an 'enrichment grove' full of edible plants for our residents.

Thank you for being a part of our journey. Stay tuned for more updates (we are moving quick), and we would be so appreciative for any generosity you may be able to provide.
